

RCRA REVISION CHECKLIST 60

Amendment to Requirements for Hazardous Waste

Incinerator Permits

54 FR 4286-4288

January 30, 1989

(RCRA Cluster V, Non-HSWA provisions)

Note: In lieu of making the changes addressed by this checklist, a State may submit a certification by the State Attorney General that he/she interprets his/her State's existing regulations in the manner described in this rule. Such a simplified application is allowed because EPA is only clarifying current regulatory language, and the Agency assumes that these requirements are already in effect in most States. If a State Attorney General cannot certify that he/she interprets his/her State's existing regulations in the manner described in this rule, the State's regulations must be amended to reflect this clarification.
